

Directory of Fire Safe Certified Cigarette Brand Styles

Updated 5/4/10

Beginning August 1, 2008, only the cigarette brands and styles listed below are allowed to be imported, stamped and/or sold in the State of Alaska. Per AS 18.74, these brands must be marked as fire safe on the packaging. The brand styles listed below have been certified as fire safe by the State Fire Marshall, bear the "FSC" marking. There is an exception to these requirements. The new fire safe law allows for the sale of cigarettes that are not fire safe and do not have the "FSC" marking as long as they were stamped and in the State of Alaska before August 1, 2008 and found on the "Directory of MSA Compliant Cigarette & RYO Brands."
