This booklet is for those corporations engaged in either oil or gas production, or transportation of oil or gas via regulated pipeline in Alaska during the tax year. Those corporations that did **not** have such an interest should contact the Department of Revenue, PO Box 110420, Juneau, Alaska 99811-0420 (907) 465-3774 for corporation tax Form 04-611.

GENERAL INSTRUCTIONS

1. **CORPORATIONS WHICH MUST FILE RETURNS.** Every corporation with income from sources within the state (except for those corporations that are specifically exempted) must file an Alaska return. AS 43.20.030(a)

2. **DUE DATE.**

- a. The return must be filed within 30 days after the federal return is required to be filed. A federal filing extension automatically extends the Alaska due date to 30 days after the federal extended due date. AS 43.20.030(a)
- b. Full payment must be made on or before the 15th day of the THIRD month following the close of the tax year.
AN EXTENSION OF TIME TO FILE IS NOT AN EXTENSION OF TIME TO PAY.

3. **EXCEPTIONS TO FEDERAL PROVISIONS ADOPTED.** Generally, Internal Revenue Code provisions for the determination of income and expenses are adopted by the State of Alaska. Exceptions provided by Alaska law include:

- 1) Taxes based on or measured by net income are not allowed as a deduction. AS 43.20.031(c), 43.20.072(b)(1)
- 2) The foreign tax credit is not allowed. AS 43.20.036(a)
- 3) Corporations exporting those nonrenewable resources defined as excluded property in the Tax Reduction Act of 1975 (Act Sec. 603) are precluded from claiming tax exemption status under IRC Sec 991, relating to Domestic International Sales Corporations. Refer to IRC Sec. 993(c)(2). AS 43.20.036(c)

Companies subject to AS 43.20.072 (oil and gas producers and pipeline carriers) must also adjust the income of their petroleum consolidated business by:

- 1) Adding back IDCs deducted under IRC 263(c) and depreciating them. AS 43.20.072(b)(2)
- 2) Adding back percentage depletion under IRC 613 and deducting cost depletion in its place. AS 43.20.072(b)(3)
- 3) Allowable depreciation for Alaska is determined on the basis of IRC 167 as it read on June 30, 1981. AS 43.20.072(b)(4)

In addition, different apportionment factors are used for oil and gas producers, pipelines, and companies or consolidated returns with both production and pipeline interests in Alaska. See Alaska Regulations 15 AAC 20.410 through 15 AAC 20.910 and AS 43.20.072.

4. **APPORTIONMENT OF INCOME.** It is important to note that the Alaska Statutes require the use of the apportionment formula to determine business income attributable to Alaska. Use of separate accounting or a modification of the factors of apportionment requires prior approval by the Commissioner.

5. **CREDITS.** Those provisions of the IRC which change or modify exceptions or credits against tax are adopted as part of Alaska Statutes on the same effective date as for federal purposes. AS 43.20.021(a)

6. **PAYMENT OF TAX.** Payment of corporation tax must be made directly to the Alaska Department of Revenue, PO Box 110420, Juneau, Alaska 99811-0420. It should be forwarded with the related document and must be identified by the name of the corporation, its address, tax year, and federal employer identification number. A payment in an amount of \$150,000 or more must be made by direct wire transfer. (See #7).

7. **LARGE PAYMENTS.** Payment in an amount equal to or greater than \$100,000 if for estimated tax installments, or \$150,000 if for the return or any report required to be filed on a yearly basis, must be made by wire transfer as prescribed in 15 AAC 05.310. Notify the State of Alaska, Treasury Division by FAX, at (907)465-4019 regarding the particulars of the transfer the day before the wire transfer is due. For other telephone calls to the Treasury Division, use voice number (907) 465-2360.

8. **EXTENSION OF TIME FOR FILING.** There is no provision in Alaska statutes for an extension of time for filing. However, the federal extension of time for filing is automatically recognized. The Alaska return is due 30 days after the federal return is due, including federal extensions of time to file. A copy of the federal extension should be submitted with the Alaska return.

9. **ESTIMATED TAX.** Payments of estimated corporation tax are required as provided under IRC Sec. 6655. The estimated tax should be computed on federal forms using Alaska rates. Payments must be accompanied by Alaska Form 04-711. A corporation that fails to pay the proper estimated tax when due may be subject to an underpayment penalty for the period of underpayment (IRC Sec. 6655). If estimated tax was underpaid, attach Alaska Form 04-708.

10. **PENALTIES FOR FAILURE TO FILE OR PAY.** A penalty will be assessed for failure to timely file the return or failure to timely pay the tax. Both penalties will be computed at 5% per month up to a maximum of 25% on the tax not paid by the payment due date. AS 43.05.220

11. **AMENDED RETURNS.** Corporations may amend prior year returns by using Form 04-650X on page 8 of this booklet. If the federal return is amended, a full copy is required to be attached. AS 43.20.030(d)

12. **NOTIFICATION OF IRS ADJUSTMENTS.** After any IRS audit adjustment to federal income taxes is made, an amended Alaska corporation net income tax return is required to be filed, incorporating and detailing all IRS changes and including a copy of the Revenue Agent's Report (Form 5278). The amended return and full payment of any additional tax must be submitted within 60 days from the final IRS audit determination to avoid assessment of penalties for failure to file or pay. If the date the adjustment is finalized is later than the date of the adjustment, this must be explained to avoid assessment of the penalty for failure to file. AS 43.20.030(d)

13. **ALASKA INTEREST RATES ON TAX DUE.**

Prior to June 16, 1976 6% per annum, simple interest
June 16, 1976-June 30, 1982 8% per annum, simple interest
July 1, 1982-Oct. 30, 1991 12% per annum, simple interest
Oct. 31, 1991 to present Greater of 11% or 5 percentage points above the federal discount rate, compounded quarterly.

14. **ALASKA CONSOLIDATED RETURN.** If a federal consolidated return is filed, an Alaska consolidated return must also be filed. For purposes of Alaska consolidation a "controlled group" has the same meaning as under IRC Sec. 1563, except that all corporations joining in the filing of an Alaska consolidated return must have nexus with Alaska. 15 AAC 20.100

15. **SCHEDULE A, LINE 10, INCENTIVE CREDITS:** Include on line 10 the following Alaska specific incentive credits if applicable:

Special Industrial Incentive Investment Tax Credit (Gas processing project or mining project investment tax credit): Enter the amount of credit claimed under AS 43.20.042 limited to 60% of the Total Tax on line 9.

Exploration Incentive Credit: Enter the credit allowable against your corporate net income tax from Form 04-665. The credit may not exceed 50% of the corporation's mining license tax.

Oil and Gas Exploration Incentive Credit: Enter the amount of credit extended under AS 41.09.010(a) to be applied against your corporate income tax, limited to your Total Tax from line 9 less any Special Industrial Incentive Credit and Exploration Incentive Credit claimed on line 10. Attach a copy of your credit extension(s) from the Commissioner of Natural Resources and specify the application of credit(s) to any other approved applications under AS 41.09.010(b).

18. Add amounts on line 17, columns A through D. Enter here and on Schedule A, line 16 of Form 04-650				\$

INSTRUCTIONS

Underpayment of Estimated Tax by Corporations

PURPOSE OF THE FORM

Corporations use Form 04-708 to determine whether they are subject to the penalty for underpayment of estimated tax and, if so, the amount of the penalty.

WHO MUST PAY THE UNDERPAYMENT PENALTY

If the corporation did not pay sufficient estimated tax by any due date for paying estimated tax, it may be charged a penalty. This is true even if the corporation is due a refund when its return is filed. The penalty is computed separately for each installment due date. Therefore, the corporation may owe a penalty for an earlier installment due date, even if it paid enough tax later to make up the underpayment.

Generally, a corporation is subject to the penalty if its tax liability is \$500 or more and it did not pay on time the lesser of: 100% of its tax liability for this tax year, or 100% of its tax liability for the previous tax year, if a return was filed showing a tax liability, and it covered a full 12 months. (A large corporation may base only its first required installment on 100% of the prior year's tax liability.) A corporation may be able to reduce or eliminate the penalty by using the annualized income or adjusted seasonal installment method.

HOW TO USE THIS FORM

Complete Part 1 of Form 04-708 to determine if there is an underpayment for any of the four installment due dates. If there is an underpayment on line 13 (column A, B, C or D), go to Part 2, How to Compute the Penalty. Attach Form 04-708 to the income tax return (Form 04-650).

Part 1: How to Compute the Underpayment

Complete lines 1 through 14 in Part 1. The instructions for most of these lines are on the form itself. For other lines, follow the instructions below.

Line 4(b): Compute your previous year's tax in the same way that the amount on line 3 of this form was determined, using the taxes and credits from your previous year's tax return. If you did not file an Alaska return showing a tax liability for the previous tax year, or if that tax year was for less than 12 months, do not complete this line. Instead, enter the amount from line 4(a) on line 4(c).

Line 6(a): Annualized income installment method or adjusted seasonal installment method: If the corporation's income varied during the year because, for example, it operated its business on a seasonal basis, it may be able to lower the amount of one or more required installments by using the annualized income installment method or the adjusted seasonal installment method. The annualized income installment or adjusted seasonal installment may be less than the required installment under the regular method for one or more due dates, thereby reducing or eliminating the penalty for those due dates.

To use one or both of these methods to compute one or more required installments, use the worksheet for federal Form 2220, using Alaska figures, rates, and computations. If you use the worksheet for any payment date, you must use it for all payment due dates.

Line 6(b): Large corporations: A large corporation is one that it or its predecessor had \$1 million or more of Alaska taxable income for any of the three tax years immediately preceding the tax year involved. For this purpose, taxable income does not include net operating loss or capital loss carrybacks or carryovers. Members of a controlled group, as defined in IRC section 1563, must divide the \$1 million among themselves in accordance with IRC section 1561.

If you are not using the annualized income installment method or adjusted seasonal

installment method, follow the instructions below to compute the amount to enter on line 6. Also check the box on line 6(b).

If line 4(a) is less than line 4(b), enter 25% of line 4(a) in columns A through D.

If line 4(b) is less than line 4(a), in column A enter 25% of line 4(b). In column B, determine the amount to enter by:

- (i) subtracting line 4(b) from line 4(a),
- (ii) adding the result to the amount on line 4(a), and
- (iii) multiplying the total by 25%.

In columns C and D, enter 25% of line 4(a).

Line 7: In column A, enter the estimated tax payments deposited by the 15th day of the 4th month of your tax year; in column B, enter payments made after the 15th day of the 4th month through the 15th day of the 6th month of your tax year; in column C, enter payments made after the 15th day of the 6th month through the 15th day of the 9th month of your tax year; and in column D, enter payments made after the 15th day of the 9th month through the 15th day of the 12th month of your tax year.

Generally, a prior year's overpayment will be applied against the earliest installment, unless the taxpayer instructs the Department otherwise.

Part 2: How to Compute the Penalty

Line 15: A payment of estimated tax is applied against underpayment of required installments in the order in which such installments are required to be paid, regardless to which installment the payment pertains. If the corporation has made more than one payment for a required installment, compute the penalty separately for each payment.

Line 17: Use Alaska interest rates. (See General Instructions #13)
